

List of Equipment, Apparatus and Material which can be used in Mines with DGMS Approval by

A : Special Order

S.No. Name of Equipment / Apparatus and Material

- 1 Man Winding Wire Rope of all Diameter
- 2 Balance Rope
- 3 Ropes in Man riding System
- 4 Men Transportation System
 - a. Man Riding Chair Lift System
 - b. Man Riding Rail Car System
- 5 Battery Operated Locomotive
- 6 Diesel Operated Locomotive
- 7 Diesel Operated Personal Carrier
- 8 Diesel Operated Shaft Loader

B : General Order

S.No. Name of Equipment / Apparatus and Material

- 1 Tub Couplings
- 2 Pipelines and Fittings(Specification Approval if not as per ISS)
- 3 Fire Fighting and Fire Suppression systems including Automatic Fire Detection and Suppression Systems
- 4 Underground Conveyor belting
- 5 High pressure hydraulic hoses with its end fittings(Fire Resistant)
- 6 Hydraulic fluid used in underground machinery(Fire Resistant)
- 7 Cage Suspension gear
- 8 Cage Suspension gear including Bridle Chain
- 9 Automatic Contrivance
- 10 Power Brake
- 11 Automatic Speed Chart Recorder
- 12 Mechanically propelled vehicle for transport of explosives
- 13 Emergency Escape devices in Oil Mines
- 14 Detaching Hooks
- 15 Petroleum Storage Tanks
