Dhanbad, dated

10.06.2024

**SUBJECT: Fatal accident occurred due to bench side fall on 21.02.2024 at Panna Misri Granite mine (ML No. 33/20213) in Pali District of Rajasthan state.**

- Name of Mine : Granite Mine (ML No. 33/20213)
- Name of Owner : M/s. Panna Misri Granite
- District : Pali
- State : Rajasthan
- Mineral : Granite
- Date and time of accident : 21.02.2024 at about 09:53 Hrs.

| 5 Killed-3             |  | Name                  | Designation | Age      | Experience |
|------------------------|--|-----------------------|-------------|----------|------------|
|                        |  | Mohan Lal Meena       | Driller     | 23 Years | Nil        |
|                        |  | Mahaveer Meena        | Driller     | 19 Years | Nil        |
|                        |  | Hemraj Meena          | Driller     | 19 Years | Nil        |
| 6. Seriously Injured-1 |  | Shri Shanti Lal Meena | Driller     | 31 Years | Nil        |

- Brief Cause : While four drillers were working to drill split holes in a detached granite block within an open-cast mine at a depth of approximately 32 meters, a portion of the high wall rock, measuring 14 meters in length, 12 meters in height, and 3 meters in thickness, collapsed on them. This resulted in fatal injuries to three individuals and serious injuries to one person.
- Sketches showing the accident:

#### Recommendations:

- No person shall be deployed in the mine without receiving basic/refresher vocational training.
  - Persons employed in the mine shall be trained to take proper precautions for their own safety in the workplace.
  - Management shall take necessary measures to ensure that every workplace is secured and safe before engaging persons in the mine, through proper supervision
  - Management shall appoint a duly qualified Manager for the overall management, control, supervision, and direction of the mine.
  - Management shall appoint Mining Foremen and Mining Mates and place the workings under their charge for adequate inspection and thorough supervision of all operations in the mine.

**Safety Alert:** A tool utilized by the DGMS, informs the mining industry about potential safety issues and offers proactive measures/recommendations to prevent such incident/accidents.
